## PRESIDENT'S MESSAGE

Dear Participants,

Can you feel the electricity in the air? The heartbeats of thousands of skiers from around the world are resonating, ready for the grand start of our legendary Gatineau Loppet—the only Canadian stop on the Worldloppet circuit.

Our volunteers are ready, and I invite you to join them and become, yourselves, the architects of the unique atmosphere that defines the Gatineau Loppet. A shared smile at the start line, a breathless word of encouragement on a climb, or a warm greeting at the ski expo, the post-race meal, or elsewhere on site will leave a lasting impression on the participants you encounter.

On this Valentine's Day weekend, let us take the opportunity to show our love for our beloved Gatineau Loppet, for cross-country skiing, and for our dedicated volunteers—but also for unity and peace in the world. Seeing skiers from some twenty nations gliding side by side on pristine snow, along the trails of the majestic Gatineau Park, is a profoundly positive, symbolic, and inspiring image. More than that, it is a true anthem to peace.

On behalf of the Board of Directors, the organizing team, and the volunteers, thank you for taking part in this 48th edition. To our visitors, we wish you a memorable stay in Gatineau. To everyone—have a great time!

Philippe Lebel  
President  
Board of Directors, Gatineau Loppet

## MESSAGE FROM THE EXECUTIVE DIRECTOR

Dear Skiers,

On behalf of the entire Gatineau Loppet team, I would like to sincerely thank you for being here in such great numbers. Your presence, passion, and energy make this event a unique and inspiring experience year after year.

I would also like to express my heartfelt appreciation to the members of the organizing committee, whose dedication and professionalism make this event possible, as well as to our incredible volunteers—the true backbone of the Gatineau Loppet. Without you, none of this would be achievable.

To all participants, I wish you the best of luck in your respective events. Whether you are taking on a personal challenge, striving for performance, or simply enjoying the pleasure of skiing, make the most of every kilometer.

Have a great race and an outstanding Gatineau Loppet to all!

Jérôme Poulin

## FUNDAMENTAL RULES

The International Competition Rules (ICR) of the International Ski Federation (FIS) and the Competition Rules (CCR) of Nordiq Canada will apply at the Gatineau Loppet. Among others, rule (ICR) f.2.1, which allows for the enforcement or prohibition of a specific technique at a given point on the course, will be applied by the jury. Particular attention will be paid to compliance with rules in section (ICR) 310.2.2 “Classic Technique” and rules (ICR) 343.8.1 and 343.12.1 regarding pole length in classic technique.

## **Registration Transfer**

Registrations are non-transferable between individuals. Participating under a false identity constitutes a violation of event rules. Allowing another person to compete using your bib will result in that person's disqualification.

## **Equipment**

All participants' skis must comply with the definition of cross-country racing skis as described in Section C of the FIS Specifications for Competition Equipment and Commercial Markings. Metal edges are prohibited.

Towing a sled or any other device is prohibited for any reason. Baby carriers are also prohibited for safety reasons.

## **Classic Technique**

Participants in classic technique events must comply with the following definitions:

- Classic technique includes diagonal stride, double poling, uphill herringbone step (without a gliding phase), and turning steps.
- Turning steps may include a push only in the absence of tracks.
- Single or double skating is prohibited.
- Repeatedly entering and exiting the tracks is prohibited.

## **Start at Assigned Time**

All participants are assigned to a start wave and must start with that wave. Any participant starting in an earlier wave will be disqualified.

If the race jury determines that circumstances beyond the participants' control prevent a start at the assigned time, the time will be adjusted to reflect the actual time spent on the course.

Late participants may start with the next available wave. No starts will be permitted after the final wave.

## **Discovery Wave**

A non-timed discovery wave is available for all events (except the Mini Discovery).

- Participants will not be officially timed; therefore, no time comparisons will be made.
- Participants must still wear a timing chip and a numbered bib for safety purposes.
- The start time for discovery waves is not precise; participants may begin their race at any time within a 5-minute window to avoid crowding.
- Results will be provided in **ALPHABETICAL order** with the mention **COMPLETED**.

## **Complete Course**

Participants must complete the entire course corresponding to the event for which they are registered and to which their bib is assigned.

The course must be completed on skis, using one's own propulsion only.

## **Sportsmanship**

All participants must demonstrate fair and courteous behavior on the course and at event sites. Skiers must proceed with caution, taking into account course conditions and congestion.

## **Anti-Doping**

The Gatineau Loppet is committed to clean sport. Anti-doping tests may be conducted if required to implement doping controls.

## **Littering Penalty**

The Gatineau Loppet course covers a large area, and due to snow, wind, and grooming, litter is difficult to collect and quickly disperses into the surrounding forest.

To combat littering, all participants must dispose of waste only in designated areas at aid stations.

Any participant caught discarding waste (wrappers, energy gels, hand warmers, etc.) outside aid station areas—whether observed by an official, volunteer, participant, or spectator—may receive a **15-minute penalty** added to their official time.

## **TIMING CHIP**

You **MUST** wear your electronic timing chip. It must be secured around your ankle using the Velcro strap.

No chip = no time.

Return the chip at the finish line. A **\$100 fee** will be charged if the chip is not returned.

## **BIB**

You **MUST** wear your bib.

- Participants in **Wave A of the 50 km races** will wear Lycra bibs.
- Participants in other waves will wear standard bibs.
- The same applies to participants in the **27 km classic technique** event.
- All participants in the **27 km free technique** event will wear standard bibs.
- For all other races, the bib must be worn on the **front of the torso**.

Failure to wear your bib, or wearing it incorrectly, will result in **automatic disqualification**. Wearing a bib is required to access the start area.

## COURSE SIGNAGE

The color of your bib corresponds to the color of the signage on the course. Be sure to follow your color throughout the course.

## BROKEN POLES

If you break a pole at the start or on the course, a limited number of replacement poles are available at certain aid stations (Start, Lac Philippe, Herridge, O'Brien, Keogan, and Notch). Poles must be returned at the finish line.

## WAXING

► In accordance with the rules of the International Ski and Snowboard Federation (FIS) and Nordiq Canada (NC), the Gatineau Loppet is now a fluorine-free event. The use of fluorinated glide and grip waxes is strictly prohibited. These new rules are fully aligned with the Gatineau Loppet's values and commitment to environmental protection and to health and safety related to the use of fluorinated products.

Ski waxing is **not permitted indoors** at Mont-Bleu Secondary School. The main Swix waxing area will be set up **outdoors**, near the gym exit toward the start area. Please note that you must wax your skis **before departing for Wakefield (P17)**, as there will be **no electricity available at P17**. A designated area will still be available in Wakefield (P17) for final touch-ups before your start. Snow conditions will be posted at the information kiosk.

- It is important to wax your skis **before arriving** at the event site.
- Waxing recommendations will be posted on social media and on the website **the day before the race**.
- The local company **Fresh Air Experience**, located at 1291 Wellington Street West, Ottawa, ON K1Y 0S4, will offer waxing services to Gatineau Loppet participants. Follow this link for details on available services (information available in English only): **waxing services**. Participants may drop off their skis at the store during the week leading up to the Gatineau Loppet, or at the company's booth at the Nordic Expo before 5:30 p.m. on Friday, February 13. Skis will be waxed during the day or evening and returned to the booth the following morning for pickup. Please note that this is a **paid service**—follow this link to reserve. For more information, contact them at **(613) 729-3002**.

## SKIER BAGS

Since 2023, in an effort to offer an eco-friendly event, the Gatineau Loppet no longer provides plastic bags for personal belongings left at the start lines of the 5, 10, 15, 27, and 50 km races. **Personal bags**, such as backpacks or resealable handled bags, are now **mandatory**. The maximum accepted volume is **50 litres**, or the equivalent of a carry-on airline bag.

### Procedure

A **yellow tag** bearing your bib number will be provided when you pick up your race package. Please attach this tag **clearly and visibly** to one of your bag's handles.

Bags may be dropped off directly at **Room 1418**. If not, they will be collected at the race start by our volunteer team.

You may retrieve your bag at the **Skier Bag Room**, located in **Room 1418** at Mont-Bleu Secondary School. To access it, follow the path marked with **yellow markers**.

It is strictly prohibited to leave equipment bags inside the **Relais plein air** facilities. Any bags left at the Relais plein air will be transported to the Skier Bag Room. We also ask that you do not leave clothing or other items in the start area. Any items left in the start area will be collected and stored in the Skier Bag Room, located in **Room 1418** at Mont-Bleu Secondary School.

**To access it, follow the path marked with yellow markers.**
